Let's Begin with the Best and Happy Moment of July

Ninja
found her
home

Ninja was abandoned outside Sneha's Care shelter on a cold, rainy day. The cold outside was making her shiver. Our hearts melted when we saw her and brought her inside our shelter. After few days she got adopted and now has her own home. We would like to express our heartfelt gratitude to Ms.Prishita Pokherel for providing our fur baby a loving home. Thank you for giving this cutie a warm and safe place. Now, she has a family and a place to call home. Only 1 furry friend was adopted in July 2021.

Coco Released After Full Recovery

HELLO ! I AM COCO

BEFORE

AFTER

It's extremely sad to know that people drive recklessly over innocent animals. Every day hundreds of faultless dogs get hit by vehicles on the road. Coco is among those victims of hit and run whose back left was badly injured. Our Founder Ms. Sneha Shrestha saw her struggling in the street of Bhadrakali and immediately brought her to the shelter. With daily treatment, love, and care, today she has completely recovered and now is back to her own place.

Since 2014, we have been offering mobile treatment and rescue for injured animals. We were able to provide mobile treatment to 84 dogs and rescued 9 dogs in July 2021 who are currently being treated at our shelter. Once their medication and recovery are completed, they are returned to the area where they were rescued.

Samson Back Home After Full Recovery

BEFORE

AFTER

A generous animal lover Mr. Prabin Shakya brought Samson with a badly injured back right leg. We are astounded by his quick recovery. We are grateful to have an

amazing team for his daily treatment, love, and care. Samson is now in his home.

“When you look into the eyes of an animal you’ve rescued, you can’t help but fall in love.” – Paul Shaffer

Sneha's Care is currently operating two animals shelters (*Dog Shelter and Farm Animal Shelter*). There are 188 dogs in a Dog shelter and 20 cows, 7 pigs, 4 goats, and 2 buffalos in the farm animal shelters. Many of these animals are under treatment while some are completely recovered and waiting for their new home.

Plan your weekend at our shelter.

Meet Nola and Carol

Meet Nola and Carol our new shelter members. We encountered Nola and Carol during our regular animal transportation investigation in a painful situation. There were injuries, wounds in different parts of their body. According to the Animal Transportation Standards 2064 it is illegal to transport animals in such an inhuman manner. Despite improvements in the situation, the act has yet to be properly implemented when transporting animals in Nepal. Together, let's all raise our voices for voiceless beings.

Baby Calf

Mobile Treatment

Save Animal!

The population of stray cattle is increasing in number. Almost a total absence of animal welfare in the country cattle are found injured in road accidents in city streets. This poor calf was abandoned after he was born in the streets of Bhaktapur, Balkot. Our mobile treatment team went for the treatment of this injured calf. We urge everyone not to abandon any animals in the streets.

Abandonment is Illegal

Sterilization of street dogs helps to control their overgrowing population. Sterilization mainly involves the spaying of females and the castration of male dogs so that they do not reproduce. After sterilization, the dogs will be unable to reproduce, resulting in a stable population. In July 2021 we were able to sterilize 20 dogs (12 spaying and 8 castrations).

Recovered and Released

Recovered and Released Back to Community

In July 2021 total number of 6 dogs was released from Sneha's Care dog shelter back to their community after recovery. Daily, multiple cases like Samson are encountered by Sneha's Care. Their treatment and care wouldn't be possible without the support of our donors, we are grateful for their support, encouragement, and contribution towards Sneha's Care. Thank you for supporting us to raise voices for the voiceless.
