Little Heroes in Action!

A Memorable experience

KMC Job Fair 2025

We're truly honored to have been part of the KMC Job Fair 2025, an event that not only opened doors for meaningful conversations but also gave us the chance to connect with so many passionate and driven young individuals. It was heartwarming to witness so many young individuals expressing a strong desire to work for the welfare of animals, showing us that the future of compassion and care is in capable hands.

Our sincere thanks to Kathmandu Model College (KMC) for hosting such a well-organized and impactful event. We're excited for the journey ahead and look forward to many more such opportunities to collaborate, inspire, and build a more humane future together.

We are deeply grateful to Siddhartha Bank for their generous donation through their Corporate Social Responsibility (CSR) initiative in support of animal welfare. This meaningful contribution will go a long way in helping us continue our mission to protect and care for the animals. We would also like to extend our sincere thanks to Mr. Bijendra Tuladhar, Senior Officer - Marketing at Siddhartha Bank, for his personal involvement and dedication toward the cause. Together, we are creating a kinder world for animals.

We were truly honored to welcome the students and teachers of Swostishree Gurukul IB World School to our shelter ! Their visit was filled with curiosity, compassion, and joy. From learning about the stories of our rescued animals to spending quality time with them, the students showed incredible empathy and enthusiasm. Moments like these remind us how powerful early education in kindness and animal welfare can be. We're grateful to the school for encouraging such meaningful experiences outside the classroom.

Ban Live Export – June 14

In recognition of this important day, we dedicated the entire week to raising awareness about the harsh realities of live animal export. Through powerful visuals, stories, and facts, we aimed to shed light on the cruelty, stress, and suffering animals endure during live transport – all in hopes of sparking compassion and pushing for change.

ARV Vaccination In L Lalitpur

CHANCE FOR NEPAL X SNEHA'S CARE

We are actively conducting our Anti-Rabies Vaccination (ARV) program in Lalitpur Ward 18, aiming to create a safer environment for both animals and the community. By vaccinating street and community dogs, we are helping prevent the spread of rabies and contributing to the Global Agenda: One Health, Zero Deaths, which promotes the interconnected health of humans, animals, and the environment.

This important work is made possible with the kind support of **Chance for Nepal**, whose ongoing partnership allows us to reach more animals and save more lives. Together, we're taking meaningful steps toward a rabies-free future.
